

M. A. C. ARENA ALL COMPLETE AND READY FOR FIRST PROGRAM

The new arena of the Maricopa Athletic club is done. It is finished and ready to stage the Labor day fight program, the first put on by the new club, in which Ad Wolgast will stage his now famous attempt to "come back," when he enters the new ring for a ten-round go with Young France, a youngster who claims a record of 22 fights with never a knockdown.

The most modern type of ring is waiting the pad of the rosin-soled of the boys who will christen the big arena. The 1,000 ringside seats are in the bleachers are completed, the press box awaits the scribes, everything is ready.

Outside, plenty of space has been arranged for parking cars, and a guard arranged to see that no one tampers with them. A special train has been chartered to carry those of the crowd who have no cars. The ticket sale is reported to be brisk.

The headlines for the opening night, Ad Wolgast and Young France, were recently taken out to see the new arena. "One of the finest arenas I have ever seen," said Ad. "This sure looks good to me," remarked Young France.

Pictures of the arena are on exhibition at Doyle's and other places about town, and the fans that have not been to the big arena are sizing them up with much interest. The high roof of the building, originally a two-story structure, with the row of top windows all removed, means plenty of ventilation and coolness. Set out in the open, the big building gets the benefit of every breeze that blows. The club has installed its own electric light plant, and the fights will not be interfered with by any possible wire trouble.

NAME REFEREES FOR MONDAY NIGHT FIGHT PROGRAM AT ARCADIA

Tommy McFarland, Bill Corpetein and Nick Cappelle will be the three referees in the ring Monday night at the Phoenix Athletic club's Labor day program. Announcement of the choosing of referees was made last night by officials of the club.

Corpetein, a local man who has shown his ability in former work of the sort here, will be the third man in the Cappelle-Salvador 10-round go which will be the big event of the night. Nick Cappelle is the brother and manager of Billy Cappelle and is also known for his work as referee in previous fights here. He will preside over the Stewart-Sonouqui and the O'Brien-Vander bouts that are scheduled on the Labor Day P. A. C. card.

Tommy McFarland, the only one of the three not known to Phoenix fans, is manager for Phil Salvador, the fast coast boy who will meet Cappelle in the big show, and in addition is a well known coast referee. He will referee the O'Neill-Grant event Monday night.

Last night reports from the various training quarters of the P. A. C. fighters were unanimous in indicating a fast boxing card next Monday night. Salvador and Grant, after strenuous workouts yesterday, declared they were never in better condition than at the present time, and that they were ready for anything right now. O'Neill and Cappelle were also hard at work at the fire house yesterday, and both said two days more would find them in perfect trim. All the boys are promising their best efforts to make Monday's session an interesting one.

Summer Furs Presage Autumn

By BETTY BROWN

After several seasons of protest we have become used to the spectacle of furs in combination with organdy and lace. We even admire it! Here's a particularly charming effect on natural dark blue fox, worn with a dark blue velvet hat and a simple gown of French blue georgette crepe.

Ermine Sets Pace in Furs

By BETTY BROWN

Ermine is the unquestioned favorite for summer furs because of its light color, and its light weight. Also, perhaps, because of its high price which renders it "exclusive" and its wearer the owner or "spender" of a large income. Herewith is sketched a particularly successful scarf with a clever arrangement of heads and tails. Whether "heads or tails," the wearer wins admiration.

BELLE OF ATHENS IS BRIDE OF PROMINENT GREEK OF PHOENIX

James Georgousses, one of the leading Greeks of Phoenix and Miss Matina Vrachoretu, one of the most popular girls of that race in San Francisco, were united in marriage in that city Thursday according to word received here yesterday by John Georgousses, prominent Greek citizen and brother of the groom.

The news of the marriage came as a pleasant surprise to the local Greek colony. Following the purchase of a local confectionery store by the Georgousses brothers, the younger brother was sent to San Francisco to investigate the latest methods of running a business of that nature. It appears though, that he combined business with pleasure. A series of dinners and dances were given by the Greeks of San Francisco for the young couple.

After the ceremony in San Francisco the young couple left for Catalina Island, which will be the first stop of their honeymoon. Later they will visit other coast resorts.

The bride is a native of Athens, Greece. She is 17 years old and has for some years lived in the coast city with her parents, a sister and several brothers.

ASKS HEALTH CERTIFICATE OF TEACHERS

(New York World.)
Raleigh, N. C.—Every teacher in North Carolina schools this year must hold a certificate from a reputable physician stating that he or she has not an open or active infectious stage of tuberculosis or any other contagious disease.

The law provides that the teacher must get such certificate each year before assuming his or her duties, the examination to be made with out charge to the teachers by the county physicians.

SOMEWHAT SLIGHTED

(Washington Star.)
"After all," remarked Methuselah, "my long life has been a good deal of a failure."
"Merely because you kept out of politics?"
"No. But it does seem to me that I've been at least entitled to an occasional interview as to whether or not I attribute my longevity to abstinence from strong drink or tobacco."

CONSISTENCY

"What has become of our anti-tobacco league?"
"So many ladies had given their husband's ash trays and cigarette cases for birthday gifts they felt a little embarrassed about pressing the matter just at this time."
